**DICTIONARY OF THE BIBLE,**

It contains OVER ONE THOUSAND closely printed, double column, octavo pages, from new electrotype plates, on good paper, and is appropriately illustrated with over TWO HUNDRED Engravings on STEEL and WOOD, and a series of fine authentic maps.

It is highly commended by all learned and eminent men, and by the press generally, throughout the country, and is the best book of its kind in the English language.

**DO NOT BE DECEIVED.**

Owing to the *unprecedented popularity* of this work, a small English Abridgment, adapted to juvenile readers, in duodecimo form, of about 800 pages, has been republished by another firm in larger type, and spread over 600 octavo pages, evidently, by making a book larger than its original, to give the impression that it is our edition. *To those who desire the genuine book, we will, only in March, furnish the English work, for superior to the American, at $2.50 per copy.* Send for circulars giving full particulars.

**A Story about Gen. Howard.**

A writer in the Portland *Press* tells the following:

"For a time during General Sherman's march to Atlanta, General Howard had command of the Fourth Corps. Just before the advance on Dalton, and while the corps was in line near Red Clay, two of the boys of an Ohio regiment took it into their heads to go out on a little foraging expedition. It was not long before their highest ambition, just at that time, was gratified by the capture of a 'grunter.' While in the act of killing the animal the owner discovered them and immediately made complaint to General Howard, who happened to be riding leisurely along near the scene of slaughter.—He told the General it was the only hog he had, and he thought the boys should either let him have the pork or pay him for it.—The General said he thought so too. He rode to where the boys were and the following dialogue ensued:

'General—'Have you any money boys? If you take away this man's hog you ought to pay him for it.'

Soldier—'No, General, we have no money—haven't been paid for four or five months, and we stand in great need of the pork.'

"General—'What do you call, sir, a fair price for your hog?'

"Citizen—'Well, I should think about nine dollars would do.'

"General—'Boys, what are your names, and what regiment do you belong to? I'll put your names in my memorandum and pay this man for his hog. Next pay-day I expect you will call at my headquarters and settle the account.'

"Soldier—'Thank you, General. We'll do it if it takes the last cent.'

"The boys were heard afterwards to declare frequently, that they looked upon that as one of their honest debts, and that it should be paid if they lived. When the next pay day came, however, they and the General were quickly separated. The Fourth corps, under General Stanley, was in Tennessee, confronting Hood; and General Howard was in command of the army of the Tennessee, and on the march with Sherman to Savannah.

"The war soon closed, the members of the regiment scattered, and there is no report yet whether the pork bill has been settled or not."

### THE STATE CONVENTION.

Our readers will find an abstract of the doings of the Republican State Convention, as furnished by our Providence correspondence, in another column. The ticket presented for the suffrage of the voters of Rhode Island is a good one throughout, and there cannot be the slightest doubt as to its almost unanimous election. Our own city has special reason to be satisfied, and even pleased with the result. Two of our citizens are placed upon the general ticket, and another heads the list of delegates to the Chicago Convention. There was a good feeling in the Convention, much better than for several years past, and the prospect is that the party in this State is more united and harmonious than for some time. With General Burnside at its head, it will receive a very large vote, and lead the way for an easy victory at the presidential Election. We congratulate the Republican party in Rhode Island on the happy settlement of minor questions, and the earnestness and unanimity with which it proceeds to action.

### Washington Matters.

The whole country has been thrown into a state of feverish excitement within the past few days by the news from our National Capital. President Johnson who seems determined that there shall be no peace or quiet so long as he can help it, has again thrown a fire-brand into the political caldron, which causes a boiling and seething, the like of which has not been known since the close of the original rebellion itself.

Our readers are all familiar with the controversy between the President and Secretary Stanton. They know, too, how matters stand between the Executive on the one hand, and General Grant, and Congress on the other. For a little time there has been a lull in the political strife, and there were some slight indications that the country might be allowed a little rest. The Senate had restored Secretary Stanton to his place in the War Department, and it was generally conceded that the action of that body was final.

But on Friday the President sent a communication to Congress stating that he had removed Mr. Stanton and appointed Adjutant General Lorenzo Thomas in his place, *ad interim*. Believing this act to be without authority, it was of course resisted. In behalf of the Senate, Messrs Thayer, Cameron, Chandler and Cattell had an interview with Mr. Stanton, and expressed to him a desire that he would not surrender his post in obedience to the order of the President until the Senate should act upon the matter, and Mr. Stanton indicated compliance with their wish. Gen. Thomas showed to Mr. Stanton his appointment from the President, and this the Secretary received with a respectful but not satisfactory reply. The same Senators, after leaving Mr. Stanton, had an interview with Gen. Grant, relating to him the conversation with Mr. Stanton, and suggested their views as to what his conduct should be in the premises. But it seems that the General did not give an immediate reply. The particulars of the later stages of the controversy will be found under the telegraphic head.

ABOUT BEING SICK. A friend who has been sick hands us somebody's reflections on the above topic, which he and many of our readers are able to appreciate from their own experience. The thoughts in the following extract are worth pondering, and may be turned to practical account. It gives, as one of the lessons taught by sickness, the value of friends:

We get along moderately well when in health, without the kind offices of friends. But in sickness a man without friends is a pitiable object indeed. He is like one who has neither hands, feet, eyes, nor ears; for, to the sick man, friends are all these. They minister to his wants—they walk—they handle—they see—they hear for him. This is when he is helplessly sick. But when convalescent—when just beginning to sit up, or even when further advanced in convalescence—friends are invaluable. Their daily presence in the sick chamber, with cheerful faces and encouraging words, telling gently the current news of the day, are angels' visits—provided always that they do not stay too long: and these visits are looked for by the invalid as the events of his weari-one days. And only second in value to these visitors are those thoughtful friends who send in little dainties, to tempt the invalid's capricious appetite. Many a nice meal is made of these unexpected tit-bits, when nothing that could be suggested would be relished if prepared in the house of the invalid. And next to these stand that class of friends, who, too busy or too shy and awkward to visit the sick man, just stop at the door, and inquire how he is getting on. We have known a sick man's eyes stream with tears, when told that a stage driver with whom he had been accustomed to ride, had called to inquire how he was. A sick man learns to appreciate his friends in this way, as he can in no other way. And if he is not a very stupid and forgetful learner, he will be made a kinder, better friend for his experience.

Dr. Lambert, of New York, in a recent lecture on longevity, made the following singular statement:—

"I was asked the other day by a friend, How long do you believe Mr. Vanderbilt will live? I ask you as I have a considerable amount of money pending on his death, and wish to know whether I ought to insure or not." I replied: I believe Mr. Vanderbilt will live 10 or 15 years longer, as his mother lived to 87 years of age, and he greatly resembles her. He is now 74 years old, and when 58, about the age at which his father died, he was severely ill from an attack of lung fever, but recovered and the Vanderbilt died out. It is a matter of great importance to estimate the life such a man, whose very sneeze makes all Wall street tremble."

The "Holt Association," an organization consisting of some two hundred persons met in New York Wednesday evening to hear the report of a committee appointed at a previous meeting to suggest a plan of operations looking to the recovery of certain immense estates in England. The report was read, and it was determined to raise a fund of $50,000 in shares of $25 each to enable the association prosecute their claim to the property in the English Court.

### GENERAL ASSEMBLY.

JANUARY SESSION—AT PROVIDENCE.

FRIDAY, Feb. 21.

#### Senate.

The Senate met at 11 o'clock, His Honor the Lieutenant Governor in the chair.

Mr. Peckham presented the following resolution, which was referred to the committee on finance:

*Voted and Resolved*, That the General Treasurer of this State is hereby directed to enter into an arrangement with any Bank in this city or State, which will allow the State at least five per cent. interest on its balance, at any time in their hands, and not charge this State, over six per cent. for any deficit of said account, and to thereupon withdraw said deposits from said National Bank of North America, and deposit the same in the Bank with whom he has made such arrangement.

The order of the day—the resolutions relative to the claims of the State against the National Bank of North America, was taken up.

The question was taken on the resolutions introduced as an amendment to the substitute reported by the committee on the judiciary, and they were negatived.

The question then recurred on the substitute for the House resolutions reported by the committee on the judiciary, and the vote was to be taken by ayes and nays when Mr. Eddy offered an amendment, which was negatived.

The question then recurred upon the original resolutions as reported by the committee; the vote was by ayes and nays.

There being a tie vote, His Honor the Lieutenant-Governor voted aye and declared the substitute adopted.

The Senate then voted to concur with an amendment.

Adjourned to 11 o'clock Monday morning.

#### House of Representatives.

The House met at 10 1-2 o'clock, Mr. Speaker Van Zandt in the chair.

Mr. Aylesworth, of Providence, introduced an act in amendment of chapter 27 "of the election of Representatives in Congress." Referred to the committee on judiciary.

An act in amendment of Title VI., Chapter 27, of the Statutes "of the election of Representatives in Congress."

SECTION 1. The election of Representatives in Congress shall be holden on the next Wednesday in November, one thousand eight hundred and sixty-eight, and on the first Wednesday in November in every second year hereafter.

SEC. 2. The votes given in such elections shall be delivered to the General Assembly at their January session next ensuing such election, and those given in each district shall be separately counted, and the candidate having a majority of legal votes therein shall be declared elected, and shall be furnished by the Governor with a proper certificate thereof.

SEC. 3. All acts, and parts of acts, inconsistent herewith are hereby repealed.

Mr. Chase, of Portsmouth, introduced an act in amendment of Chapter 234, "Of Election, Appointments, &c., of Officers of Militia," providing that militia officers elected by the General Assembly shall hold office for the term of three years, and that for this purpose an election shall be held at the next May session, at which time the term of office of such persons shall expire. The bill was referred to the committee on militia.

Mr. Allen, of Warren, introduced a resolution instructing the committee on fisheries to inquire what further legislation is necessary to protect the fisheries in the State. Adopted.

On motion of Mr. Weeden the House took up the special order for the day—the bills relative to the State Auditor and General Treasurer, and providing for the payment of witnesses summoned in behalf of the State.

Judge Greene, advocated the recommitment of all these bills to the committee on the judiciary. He thought the duties of Auditor and Treasurer should be performed by one person.

Mr. Weeden opposed the recommitment to the judiciary committee, because the chairman of that committee had virtually stated that the bill presented by them was as perfect as they could make it, and therefore recommitment would be idle.

The whole matter was finally recommitted to the judiciary committee without instructions.

The resignation of Chief Justice Bradley (from the Senate) was taken from the table and read.

On motion of Judge Greene the resignation was accepted.

Mr. Sheffield offered a resolution in order to ascertain the sense of the House, providing that the office of State Auditor shall be abolished.

The resolution was lost.

The use of the Representative's Hall was granted for the Republican Convention tomorrow.

PROVIDENCE POLICE.—The annual report of the Chief of Police of Providence states that during the past year the Mayor removed two policemen from office and seven were suspended and punished for various offences. A large proportion of the force have served in the army or navy,—thirty-six out of forty-two late appointments were of this class. The report gives a general but concise view of the operations of the police, and shows that, under the direction of Albert Sanford, Esq., the Chief, Providence has a body of careful and efficient guardians.

During the year 2,932 warrants were issued, on which there were 2,578 convictions, $8,515,50 were taken from arrested persons and restored, and 13,165 days of imprisonment imposed in the aggregate. The amount of fines imposed in the Police and Magistrate's Courts was $17,341,64. 3,919 persons in all were arrested, of whom 1,857 were for drunkeness. During the year property to the amount of $57,745.18 was reported stolen, of which $21,694.38 was recovered. Thirty-seven children were sent to the Reform School.

Two hundred and twenty-two liquor licenses have been issued, yielding a revenue of $72,400, the numbers being about one half that of the preceding year. The Chief says the law is strictly enforced and no unlicensed place is known where liquor can be publicly purchased.

The friends of temperance in Michigan have issued an address to the people of that State urging the adoption of the article in the proposed new Constitution prohibiting the traffic in intoxicating liquors. The election occurs on the first Monday in April, and this article is separately submitted.

The value of sheep killed by dogs in the United States for 1866 is estimated by the Commissioner of Agriculture at two millions of dollars. The subsistence of the whole number of dogs in all the States is estimated by him to cost annually fifty millions of dollars.

The Commissioners of Charities in New York are about to organize a bureau for correspondance with Governors of Western States to ascertain from them what encouragement they can give for the employment of laborers.

### About Home.

—o—

ACKNOWLEDGMENT.—We have received from H. C. Wheeler esq, of Prudence a basket of eggs from his fine Brahma Pootra stock, which show a marked difference between these and the common breeds of fowls. Mr. Wheeler takes especial pains in raising pure blooded animals of various kinds and is justly regarded one of the best farmers in this section.

We are strongly inclined to accept the invitation contained in the note accompanying the basket, to 'cal. on the Island and have a sample of the eggs tested with some good ham.' It may be well for him to understand that such invitations are not likely to be trifled with when sent in this direction. In the meantime if any body thinks Mr. Wheeler can be beaten in the egg line, let him send on his basket. We feel competent to decide in cases of this kind, and do not mind the trouble.

THE WEATHER.—Yesterday was the coldest day of the season. The thermometer went below zero, which is a rare thing in this locality. Church goers found their houses of worship so cold that in one or two Churches the ordinary service was curtailed, or omitted altogether, and in all cases the congregations were unusually small.

The strong notherly wind of Friday night had cleared the river below Providence of ice, and we had begun to congratulate ourselves that the blockade of that city was broken up for the winter, but we fear that matters are not much better to day. As the water is very cold, ice forms rapidly in these times, and there is probably plenty of it up the river.

CONSISTENCY.—We heard one of our merchants complaining the other day because so many of our people go away from home to trade. No doubt all of them feel that it would be much better for the community if it were otherwise, and yet, to our certain knowledge, that same merchant allows an itinerant peddler to carry his job printing to a firm near Boston, and gives his insurance to a Providence runner.

In neither case does he get his work done cheaper or better than he can at home, as he can very easily ascertain by inquiry. Example is sometimes better than precept.

EXAMINATION FOR TEACHERS. Parties interested will bear in mind the notice from Mr. Tilton, Superintendent of public schools, announcing a competitive examination of persons desiring to engage in teaching, which takes place on Saturday next. This plan gives all an equal opportunity, and while it is doubtless the best that could be adopted for the schools, leaves no occasion for dissatisfaction among the applicants or their friends.

PERSONAL.—George H. Norman, Esq., of our city, is becoming famous as a contractor for the construction of acqueducts and laying of pipe. He had some time since engaged to furnish and lay the distributing pipes of the New Bedford water works, and has now entered upon the agreement to build the aqueduct and receiving reservoir. The aqueduct is to be of brick and is five miles in length, and the whole is to be completed by the first of November next.

PORTSMOUTH GROVE.—The bodies of the soldiers at Portsmouth Grove are to be taken up and removed to Cypress Hill Cemetery on Long Island. The whole number now buried there is one hundred and twelve. Originally there were more, but quite a number have already been taken away by relatives and friends of the deceased.

WASHINGTON'S BIRTHDAY.—Saturday was duly honored in this city in commemoration of the Father of his country. Three of our military companies, the Newport Artillery, Col. Powell, the Aquidneck Rifles, Capt. Delaney, and the Burnside Guards, Capt. Buchanan, were out on parade, and a liberal display of bunting was seen in various localities. Most of the places of business, however, were open as usual.

#### Letter from Providence.

FEB. 24 1868.

THE STATE CONVENTION.

Pursuant to the call of the Republican State Central Committee the convention for the nomination of State officers and of delegates to the National Convention Chicago, assembled at the State House on Saturday the 22nd inst, at 10 1-2 A. M. The meeting was called to order by Gen. Lyman B. Frieze when Hon. C. C. Van Zandt of Newport was chosen chairman, and John Turner and Francis Daniels Secretaries.

The call was then read and the towns called in their order, when after some delay the roll was completed, every town being represented, and nearly if not quite every member in his seat.

At this stage of the proceedings Major Wm. A. Pirce of Johnston moved that the city of Providence be allowed but thirteen members in the convention instead of sixteen the number now present. This gave rise to an animated discussion in which the lines between the city and country towns were very sharply drawn. A motion made by Mr. Sheffield of Newport to lay the resolution on the table was defeated by an overwhelming vote. Speeches followed by J. T. Edwards of East Greenwich, R. G. Hazard of South Kingstown, P. B. Stevens Jr of North Providence, and several others in favor of limiting Providence to the old representation; and by Messrs Thurston Updike and Curry in behalf of an increase, so that the city should be allowed to send two delegates from each ward. When the vote was taken the country party prevailed, very few beside the Providence delegation voting to the contrary, and the State Central Committee were afterwards instructed so to call future conventions that there could be no misunderstanding on this point.

NOMINATIONS.

The organization being now completed the convention proceeded to business. On motion Gen. Ambrose E. Burnside was nominated for Governor by acclamation, The announcement was followed by cheers from both the convention and the lobby.

A ballot was then taken for Lieut. Gov. with the following result:

| | |
|---|---|
| Pardon W. Stevens, | 67. |
| Wm. Greene | 23. |
| J. M. Pendleton | 4. |
| Dr. Grosvenor | 1. |

Whereupon Pardon W. Stevens of Newport was unanimously nominated for that office.

After an informal ballot for Secretary of State which resulted in a majority of three for the present incumbent, John R. Bartlett was renominated for that office.

Col. Willard Sayles was the only gentleman named for Attorney General and he was put upon the ticket by acclamation.

For General Treasurer two or three persons were named. General Van Zandt made a stiring appeal in behalf of the present incumbent when all opposing candidates were withdrawn and Gen. George W. Tew of Newport was nominated by acclamation there being not a dissenting voice.

The State ticket having been thus completed, the convention proceeded to make choice of delegates to the National Convention to be holden at Chicago. After considerable skirmishing as to methods, and, one or two efforts to draw out an expression in favor of a Presidential candidate a committee to nominate was appointed. In due time they made their reports as follows:

AT LARGE.

J. D. W. Perry,
Rowland Hazard,
Lyman B. Frieze
John S. Champlin.

EASTERN DISTRICT.

C. C. Van Zandt,
Lysander Flagg.

WESTERN DISTRICT.

Wm. Sprague,
Wm. Goddard.

An effort was made to substitute the name of W. S. Slater for that of Mr. Flagg, but after considerable discussion the motion was lost and the report adopted. The delegation received no instruction but was very properly left free to act as the circumstances at the time may demand. As matters now stand it embraces both Grant and Chase men in about equal proportions, as nearly as can be judged from the antecedents and known expressions of the several members. The delegation is decidedly a good one, made up of strong, active men, of whom Rhode Island has no occasion to be ashamed.

The following gentlemen were chosen the State Central Committee for the ensuing year.

PROVIDENCE COUNTY.
W. H. Reynolds,
J. L. Clarke,
Joslyn Wilbur,
Isaac Saunders,
H. B. Aylesworth.

NEWPORT COUNTY.

Then having no other business the Convention adjourned. DAY.

THE

Central Pacific Railroad

THE FIRST AND PRINCIPAL PORTION OF THE

National Trunk Line Across the Continent

is being rapidly carried forward by an unprecedented working force; and it is reasonably certain that the CONTINUOUS OVERLAND RAILROAD CONNECTION FROM NEW YORK TO SAN FRANCISCO WILL BE MADE IN 1870.

The United States Government furnishes, upon a subordinate and contingent lien, half the means for constructing the Main Stem Line; and besides an absolute grant of 12,800 acres of valuable public lands per mile, the Central Pacific Railroad Company have received from California sources, donations and concessions worth more than $3,000,000. The available resources of this Company are therefore abundant for the purpose, amounting to $77,000,000 on the first 726 miles of the Line, including Loans secured by a First Mortgage upon the whole property, to the same amount only as the U. S. Subsidy Bonds.

The results already attained, although under comparatively unfavorable circumstances, afford substantial ground for believing the CENTRAL PACIFIC to be the

Most Favored, Productive, and Valuable Railroad Enterprise in the Country.

In consequence of the large and rapidly increasing demand, the price of these Bonds has been advanced, and the Company are now offering for sale, a limited amount of their

First Mortgage Six Per Cent. Bonds,

*Principal and Interest Payable in Gold Coin,*

in sums of $1,000 each, at par and accrued interest from January 1st, in currency.

These Bonds, it is believed, possess the elements of *safety, reliability and profit*, in a greater degree, than any other class of Corporate Securities now offered, and are therefore very desirable for steady investments of surplus capital.

Investors will bear in mind the following features:

I. They are the first mortgage on one of the most valuable and productive lines of railroad in the world.

II. The actual earnings from local business in 1867 were more than four times the annual interest engagements.

III. The hard part of the work is now done, and the prospects of rapid completion are favorable.

IV. The Company have liberal subsidies, which enable them to prosecute the work with great vigor.

V. The management has been exceedingly prudent and frugal.

VI. There is already a large and growing settlement on the completed and graded line.

VII. The lands promise to be of immense value, 23,000 acres having been already sold.

VIII. Both principal and interest are explicitly made payable in gold coin.

IX. Both the aggregate amount of issue and their standing in Europe will insure for them continued activity and a high rank among standard securities.

At this time they yield nearly

Nine per Cent. upon the Investment.

Holders of Government Securities have an opportunity of exchanging them for Central Pacific Bonds, bearing an equal rate of interest, with the principal abundantly secured, and of realizing a profit of from ten to fifteen per cent. in addition.

Orders sent with the funds through responsible Banks or Express Companies will receive prompt attention. Bonds sent by return Express, to any address in the United States, at our cost. Information, Descriptive Pamphlets, Maps, &c., furnished on application at the office of the Railroad Company,

Song of Iron.

I am mighty in the saber,
Fiercely wielded by the brave;
Glorious in the stalwart steamer,
Laughing at the storm and wave.

Beauteous in the palace pillars,
Saving in the pointed rod,
As it brings the deadly lightning
Quelled and harmless to the sod.

But there is a glorious essence,
Where I take my grandest power,
Giving to the ever my succor,
Sweetest aid, in danger's hour.

See! before me fly disease!
See the darkest hydras bow!
See the rose of health and beauty
Take the palest cheek and brow.

Fly, dyspepsia! fly consumption!
Yes, all ills are crushed at length;
For I give what human nature
Only ever needed—STRENGTH!

Shall I tell in what great essence
I can thus your spirits cheer up?
Pallid, trembling, dying sufferer,
'Tis the famed "PERUVIAN SYRUP."

The PERUVIAN SYRUP is a protected solution of the Protoxide of Iron, a new discovery in medicine that strikes at the root of disease by supplying the blood with its *vital principle or life element,—Iron.*

Beautiful Engravings.

"Socrate Instruisant Alcibiade."

"ALCIBIADES was educated in the house of Pericles, his maternal uncle, and from a child excelled in all studies, and in all physical exercises. His beautiful person and transcendent abilities, procured for him a crowd of friends, admirers, and flatterers. Socrates discovered his capacities, sought his friendship, and gained great influence over him."

*Belle Reponse de Cornelie Mere des Gracques.*

CORNELIA "was a central figure of Roman society during her long widowhood, and gathered around her all that was noble, learned, and high-minded in the republic. The two famous tribunes, Tiberius and Caius Gracchus were her sons. Her character is the purest of any woman's, mentioned in the historical period of Rome."

These elegant works of Art, were executed in Berlin, and were mounted and framed by Childs, of Boston. Price $35; they will, however, be sold at a much less price.

## TELEGRAMS.

FROM WASHINGTON.

### SECT'RY STANTON HOLDS ON.

*Orders Gen. Thomas down stairs,*

CROWDS AT THE CAPITOL.

IMPEACHMENT.

February 22, 1868.

Mr. Stanton has issued an order stating that he is Secretary of War and is to be obeyed as such.

Sentries are posted around the Department avenues and strict orders are given to admit no one without permission of the Secretary.

At noon Gen. Thomas went to the War Department and entering the room of Mr. Stanton demanded possession, which was emphatically refused. An animated conversation ensued in the course of which Gen. Thomas declared his determination to obtain and keep possession of the Department.

Some members of Congress who were present took notes of what was said and going to the Capitol, presented their testimony to the Committee on Reconstruction.

Conservative Republican Congressmen are urging delay, and say that presentation of impeachment resolutions to-day will appear rash. Gen. Thomas declares that he shall continue to exercise the functions of Secretary of War *ad interim.*

Perley telegraphs to the Boston *Journal* as follows:

Gen. Thomas made his visits to the War Department to-day by order of the President, in whose name he demanded possession of the Secretary's room of Mr. Stanton, who was then in the reception room conversing with Generals Grant, Howard. Van Wyck, Garfield, and other Representatives. The interview was brief, but sharp words passed on both sides, Thomas in conclusion declaring that he was Secretary of War and ordering Stanton to surrender the key of his office, to which Stanton replied, 'I am the Secretary of War, Sir, and you are the Adjutant General of the Army, Sir, and I order you to go down stairs to the room of the Adjutant General, Sir.'

General Thomas, on leaving the Secretary's reception room, went to the office of Gen. Schriver on the same floor where the department mail is received and demanded that the letters addressed to the Secretary of War be handed to him. This request was refused, which the General did not like, but just then Robert J. Walker appeared and persuaded him to retire.

The Democrats laugh at the arrest of General Thomas and say that if he is brought before the Court for trial he will have the President's pardon in his pocket.

The Capitol is crowded and the galleries of the House are packed like boxes of figs, even the reporters' gallery had been invaded by persons who have no business there, to the annoyance of the working newspaper men. Many of the Senators are on the floor, and there are numerous knots of members in the smoking rooms, discussing the propriety of immediately impeaching the President. The stock operators' agents are busy, and it is one of the most exciting days ever known at the capitol.

It is understood that the Committee on Reconstruction has perfected the resolution of impeachment, and will report it as soon as Mr. Thad. Stevens, the chairman, can have rested a little, to gain strength.

LATER.

Soon after two o'clock Mr. Stevens rose and asked leave to offer a report from the Committee on Reconstruction.

The report was read by the Clerk of the House in a clear and distinct tone. It set forth the facts in the attempted removal of [illegible] the appointment of Gen. Thomas.

The report concludes with the recommendation that the President be impeached, and the Committee submit the following resolution:

*Resolved*, That Andrew Johnson, President of the United States, be impeached of high crimes and misdemeanors in office.

All the Republican members of the Committee signed the report.

Mr. Brooks complained that the minority on the Committee had not had time to prepare a minority report, and found fault otherwise with the proceedings.

LATEST.

Feb. 23.

It is learned late to-night that it has been determined to again arrest Gen. Thomas for a second violation of the Civil Tenure law by attempting to regain possession of the War Department yesterday afternoon. The proper oath of the fact has been made, and an application for another writ will probably be issued to-morrow morning.

At 11 A. M., there was a meeting of the Cabinet and the situation freely discussed. Secretary Seward and Attorney General Stanbery remained long in conference after the other members had departed. It is learned, officially, that the President directed Mr. Stanberry to apply to-morrow to the proper court for a writ *quo warranto* for the purpose of requiring Mr. Stanton to show by what authority he continues to hold on to the War Department. The President, it is further learned at the White House, has made out the nomination of Thos. [illegible] Ewing, Senior, of Ohio, to be Secretary of War, and will send it to the Senate to-morrow.

Secretary Stanton is still in the War Department, and refuses to leave his office day or night, sleeping and eating there, and is to all intents and purposes one of the fixtures of the establishment.

### Gen. Thomas Not a Tool of the President.

The following dispatch has just been received:

The morning papers of Louisville announce that my name was yesterday sent to the Senate for confirmation as Brevet Lieut. General and Brevet General. I was appointed a Major General in the United States Army for the battle of Nashville.—My services since the war do not merit so high a compliment, and it is now too late to be regarded as a compliment if conferred for services during the war. I therefore earnestly request that the Senate will not confirm the nomination.

GEORGE H. THOMAS,

Major General.

THE FINAL VOTE.

February 24.

The vote on Impeachment is to be taken to-day at 5 o'clock, p. m. There is no doubt of its passage.

The excitement continues and all sorts of rumors are afloat.

Stanton still retains the Department.

The President is defiant.

## Watches for the Million!

ABRANDALE & CO'S GREAT WATCH CLUB.

Everybody needs a good watch, and wishes to get it at the lowest possible price; a horde of swindlers knowing this have contrived various ingenious devices to get people's money, and then either fail to send a watch, or send one that is worthless as a timekeeper. ABRANDALE & CO. have now perfected arrangements by which, for the small sum of $10, a good and reliable watch may be certainly obtained. They have formed a GREAT WATCH CLUB on the following plan: Certificates containing the numbers of all the watches named in our wholesale list (which is sent to all applicants) are mixed up, enclosed in envelopes, and sold for 25 cents each. Every certificate is warranted to be for a watch, and as will be seen on reference to the list, none are of less value than Ten Dollars, while some are worth $300. We undertake to send any watch drawn whatever may be its value for $10, and in order that every one may absolutely depend upon getting a first class timekeeper, we guarantee that every purchaser of One Dollar's worth of certificates shall receive at least one for watch No. 1 on our wholesale list, sent post free, which is a first class patent lever, a handsome and reliable watch, in sterling silver hunting case, and usually sold for $50. You will certainly get such a watch; and, besides, you may get a Gold Chronometer worth $350. We sell the certificates as follows: One for 25 cents; Three for 50 cents; Six for $1; and Twenty for $3. To those sending $1, we will send a handsome chain gratis. To those sending $3 we will send a Gold Chain warranted not to tarnish in 20 years. Parties getting up larger clubs will receive liberal premiums, particulars of which may be learned on application. As it is our intention to do a strictly honorable business, and to insure our customers from liability to loss, we will send our watches, if desired, without money, instructing the Express agent to collect only on delivery. If we are desired to forward watches by mail, the money must be sent to us by Bank Draft or Post Office Order, and it will then be at our risk. We will then register the package at our post office, and if lost will replace it free of charge.—If any watch sent is not approved, it may be returned and the money will be refunded. The reputation of our firm, which has been established for five years, and is well known in every part of the country, we trust will be deemed a sufficient guarantee that we will faithfully perform all we promise to do.

## Peerless Cooking Stove.

HEAR what the Boston Journal says of this superior article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed air-chamber, which heats the air as it passes down behind the fire pot and into the oven, causing the oven to bake or roast perfectly and evenly, a great desideratum with a careful housewife: the perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those of our readers who would like to keep up with the times would do well to call and examine this "Peerless stove." Sole agent in Newport,

**PROMINENT CHARACTERISTICS.**

**I.—They are Instructive.**

"As purely literary works, these historical romances possess a high degree of merit. They read like genuine histories."—*Catholic World.*

"They are correct descriptions of the countries and the people described."—*Herald.*

**II.—They are Entertaining.**

"We regard these books as among the best and most entertaining novels of the day." *Springfield Republican.*

"The reader is at once fascinated and held spellbound until the volume is completed."—*Free Press.*

"There is no dull chapter in it."—*Utica Herald.*

**III.—They are Mirrors of the Times.**

"No one can peruse them without conceding the author's great skill in grasping and delineating the characters which figure conspicuously in them.

"The study which enables the author to delineate so accurately the emotions and incentives to action which moved men and women of a past age must be of grand scholarship, and Louisa Muhlbach shows in all their works a perfection which carries the reader into the very presence of the characters represented." *Syracuse Journal.*

**IV.—They are Historically Correct.**

"Historically correct, and as entertaining as many of the volumes of Sir Walter Scott."—*Prov. Herald.*

"Louisa Muhlbach must have carefully and diligently studied the secret histories of the times and countries of which she writes, and her task is done well and effectively."—*Worcester Spy.*

"No Historical Novelist has labored so faithfully and successfully to reproduce a complete picture of past times and events."—*Utica Herald.*

**V—They are Original.**

"It has agreeably surprised readers to find a new writer with such constructive genius and knowledge of character as Louisa Muhlbach possesses." *Public Ledger.*

"Each succeeding novel adds to Mrs. Mundt's reputation as a writer of historic fiction."—*N. Y. Times.*

**VI.—They are full of Imagination.**

"She is not only the skilful Joiner, but a neat-handed artisan."—*Christian Witness.*

"There is seldom any straining after effect, but it is really wonderful how Madame Mundt manages to sustain and increase the interest to the end." *City Item.*

"The word-painting of the authoress is much more effective than the best efforts of the engraver." *Illinois State Register.*

**VII.—They Contain Anecdotes of Courts.**

"Scottish history offered no fresher and more romantic material to the magic working hand of Sir Walter Scott than she finds in the annals of the German courts."—*Evening Gazette.*

"They are not to be found anywhere in human annals, unread, such magnificent, such superabundant materials for romance, as clog the chronicles of the Prussian and Austrian courts of the 18th century.—By their dress, their manners, their modes of thought, their language, they are almost as much separated from us as if they had lived one thousand years ago." *Observer.*

**VIII.—They tell about Emperors, Kings, and Queens.**

"We learn from her not only how Frederick William and Frederick the Great, Joseph the Second, Voltaire, Rousseau, Baron Trenck, the Empress Catherine, walked and talked in their grand *roles*, but how they powdered their hair, flirted, and took tea."—*Register.*

"The choice of her subjects exhibits her genius — She takes the time of Frederick the Great, Joseph the Second, for example, and upon the background of facts which the chronicles of the periods afford, she embroiders the bright and sombre colors, the light and shade of her fiction, with the skill of a consummate artist."—*The Eagle.*

**IX.—The Style is Interesting.**

"The style of this writer for purity, perspicuity, and elegance, is something greatly to be commended. It is free from imitations, mannerisms, and tricks of every kind."—*The Argus.*

"The translations do justice to the vivid, piquant style of the original; and the story is full of movement and crowded with instructive and entertaining incident."—*The Chicago Post.*

"The interest of the book does not depend upon its characters nor its incidents, not yet on its charming style, but in its general harmony of composition." *Day Book.*

**X.—Everybody is Reading them.**

"Our people seem to have stopped reading French novels, and English works are complained of as dull. Miss Muhlbach precisely supplies the public want.

"The novels of Clara Mundt are being read by everyone."—*Times.*

"Muhlbach's novels have a world-wide reputation, and are read with avidity, as fast as issued from the press."—*Springfield Republican.*

"They are winning a wide and deserved popularity in this country."—*State Journal.*

## Oxygenized Air,

A CURE FOR

### CATARRH

AND DISEASES OF THE THROAT AND LUNGS,

Applied by

## DR. C. L. BLOOD,

No. 9 Montgomery Place,

**BOSTON, MASS.**

—101—

### CHRONIC CATARRH.

Why entertain this loathsome disease when relief can be obtained? We meet those every day who are suffering from Catarrh to such an extent, that the Air Passages in the head are in a partly decomposed condition,—the nose and throat filled with such a mass of corrupt matter that they are objects of disgust to themselves, and of pity to those with whom they associate.

Chronic Catarrh usually affects the head, fauces and bronchial tubes. It is invariably caused by humoral or inflammatory blood, by which the mucous membrane is made sore or inflamed, producing a copious effusion of viscid matter. If it be produced by Scrofula in the blood it is almost certain to end in Consumption, unless speedily cured, because it is impossible to entirely prevent the matter from running down the Bronchial into the air vesicles, and such is the excoriating, or scalding property of the matter, its contact with the delicate linings of the air-cells at once causes irritation, and invites the humoral properties of the blood to deposit therein Tubercles and Ulcers.

Catarrh almost always attends Consumption, and frequently leads to it.

In Oxygenized Air we have a positive cure for this disease. The remedy is taken by inhalation,—breathed directly into the lungs, and through them carried into the blood; thus as soon as the blood will carry it, it reaches all parts of the system, decomposing the impure matter in the blood and expelling it through the pores, and through the natural channels from the system. Thus you will see that the cause of the disease is removed, and the disease itself must follow.

In this same manner we treat and radically cure Bronchitis and Consumption. Let no one suffering from these diseases despair of relief. If you are too far away to visit our office and see us personally, write a description of your symptoms, and forward to the address below.

Send for our circular, which gives a description of these diseases.

Out of the many thousands of testimonials received we publish the following:

Dr. C. L. Blood,—

Dear Sir:—I desire to give you my testimony in regard to the value of your scientific system of treating Catarrh and diseases of the Respiratory organs. I have used your remedy, "Oxygenized Air," in my practice for the last year with complete success. I have cured the worst forms of Catarrh, and a majority of the cases of Bronchitis and Consumption in their advanced stages. I unqualifiedly pronounce "Oxygenized Air" the greatest boon ever yet conferred upon our suffering race, and hope the day is not far distant when every intelligent physician will adopt your system in the treatment of all forms of chronic affections.

Fraternally yours,
L. M. LEE, M. D.
No. 199 Westminster Street, Providence.

Dr. C. L. Blood,—

My Dear Sir:—I have tested your remedy, "Oxygenized Air" in advanced stages of Catarrh, Bronchitis and Consumption, and the results have been, in the highest sense, satisfactory; so positive am I of its wonderful power to arrest the progress of the above named diseases, that I can conscientiously advise all who may be suffering from them to place themselves under the treatment at once.

Respectfully yours,
Rev. R. TOMLINSON.

## Teas! Teas!! Teas!!!

### Something New.

**The Great American Tea Company Outdone.**

## W. & P. BRYER,

### No. 15 Broad Street,

MAKE the following proposition: They will put up at the market price one hundred pound parcels of English Breakfast, Oolong and Hyson Teas, such as they are now retailing, for one dollar per pound, and deliver the same on the 15th of September at the residences of purchasers. In every tenth pound will be enclosed a one dollar greenback," so that the purchaser will get his tea for nothing. By this arrangement no one will pay above the regular price, so that there is no possible loss. As will be seen, the tea is sold on the average at a deduction of ten per cent., or at our

**WHOLESALE PRICE,**

which is simply what is proposed to be done.

We are only enabled to do this by our connection with an extensive wholesale tea-store in New York, from which we purchase at the lowest rates.

**EVERY POUND WARRANTED.**

If the tea when tried is not satisfactory it may be returned in exchange for any other kind or quality in the store. The whole thing is to be done on perfectly honorable principles, and is no catch-penny affair.

**Orders may be handed in at once.**

If the whole number of packages are not sold at the day of delivery the proportionate number will be disposed of according to the above terms.

These are not a cheap tea provided for the purpose, but a **regular standard article.** Other grades may hereafter be sold in the same way. Now is the time to send in your orders.
